

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Scott S. Dolemba
DOCKET NO.: 05-25979.001-C-1
PARCEL NO.: 25-31-110-007-0000

The parties of record before the Property Tax Appeal Board are Scott S. Dolemba, the appellant; and the Cook County Board of Review.

The subject property is improved with a three-story, apartment building containing 3,640 square feet of building area and six units. The building is approximate 42 years old and is located on a 4,750 square foot site.

The appellant contends unequal treatment in the assessment process as the basis of the appeal. In support of this argument the appellant submitted descriptions, photographs and assessment information on 3 comparables. The comparables had improvement assessments ranging from \$18,843 to \$21,151 or from \$5.18 to \$5.81 per square foot of living area. The appellant disclosed the subject property had a total assessment of \$29,700 and an improvement assessment of \$26,851 or \$7.38 per square foot of living area. Based on this evidence the appellant requested the subject's assessment be reduced to \$20,692.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	2,849
IMPR.:	\$	19,997
TOTAL:	\$	22,846

Subject only to the State multiplier as applicable.

The appellant contends assessment inequity as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data the Board finds a reduction is warranted.

The appellant in this appeal submitted assessment information on assessment comparables to demonstrate the subject was inequitably assessed. These comparables had improvement assessments that ranged from \$5.18 to \$5.81 per square foot of living area. The subject has an improvement assessment of \$7.38 per square foot of living area, which is above the range established by the comparables. The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. Based on this record the Property Tax Appeal Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
